PERSONAL STATEMENT

I'm a 26 years old Full Stack developer from Bangladesh (Bogra) currently based in Dhaka. I love everything that has to do with design & development, Project management, Testing, Industrial design and I feel a true devotion for coding.

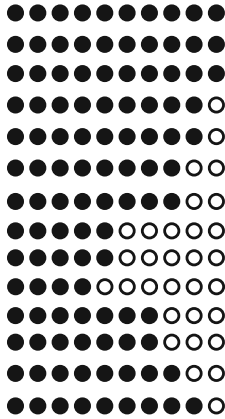

I have 6 years of experience working as a freelancer and have worked in different areas of Design and development. Started my career as a Visual Basic Developer , but JavaScript is my passion now.I work slow and steady, and give my best in every work I do.

Why don't we work together? read through the rest to find out if I am the one you're looking for.
